MEMORANDUM FOR: Deputy Director for Support

25X1A2e

SUBJECT : [REDACTED] - Request for Authority to
Compensate for Excessive Moving Costs

25X1A2e

1. [REDACTED] is presently undergoing training with a cover facility in the [REDACTED] area. At the completion of this training, he will be assigned under Project [REDACTED] to a long-term tour of duty in [REDACTED] under nonofficial cover.

2. Since [REDACTED] stay in [REDACTED] for cover training will be for approximately one year, he has been assigned there by Project [REDACTED] in a PCS status. Three main factors were considered in making the decision to assign [REDACTED] to [REDACTED] PCS:

a. Since [REDACTED] will not receive per diem in his PCS status, a considerable saving should result.

25X1A2e

b. For reasons of cover and security, it is imperative that [REDACTED] household effects be shipped, in total, directly from the home point of his cover facility to [REDACTED]. To fulfill this requirement, it is necessary that he have his household effects with him prior to departing for [REDACTED].

c. Since [REDACTED] is on the normal shipping route from Washington [REDACTED], no extra expense would be incurred by diversion from this route. The difference in the bases upon which overseas and domestic transportation allowances are computed, however, would allow the agent less reimbursement for the domestic phase, if he is required to treat the two phases as unrelated.

4. In view of the above considerations, particularly those described in paragraphs 2.b. and 2.c. above, it is requested that approval be granted for reimbursement of actual charges of (\$1,800.83) incurred in the shipment of [redacted] household effects from Washington, D.C. [redacted]
